Date: In consultation with the CSL Coordinator

Number of Participants: Up to 12 per group.

Project Requirements: Students participating in the LifeLink Colour-a-thon appeal will work in their group to plan and participate in an advocacy and fundraising event to help raise awareness of the work LifeLink undertakes in Perth. Students will work for 24 hours on an approved art installation to help raise awareness of social justice issues in our society. In the weeks leading up to the event students will participate in a variety of planning and advocacy activities. In completing this project students will need to

1. Plan: Show evidence of your planning for this event.
2. Advocate: Develop and use a variety of resources to advocate for LifeLink. Examples include video’s and social media posts
3. Fundraising: Students may participate in fundraising in consultation with the CSL coordinator to assist with the cost of resources
4. Conduct the event:
   a. Plan for the event including seeking approval of designs and projects
   b. Raise awareness
   c. Run the 24 hour project
   d. Report back to the community on your participation and achievements at the event
   e. Write an article for the Iservi including photo’s / video of the event
5. Reflect: Complete the post event reflection for submission.

Additional Information: Approved participants will be given access to the LifeLink Colour-a-thon Team. The Team Site has many additional resources for you to access and details on advocacy, fundraising and your project reflection. Once approved please visit the Team for full details.
