NAS Team Manager

Date: Term 1 and 2 NAS seasons. Students will be given the number of hours that they attend for.

Project Requirements: Students acting as Team Managers for junior NAS teams will work with the team coach to organise and support the running of their allocated NAS team. Students can select which days (Monday and Tuesday) and term (Term 1 and 2) they can operate as a team manager on. The College Sports Coordinator will allocate you to a team.

In completing this project students will need to

1. Plan: Show evidence of your planning for this event.
2. Conduct the event:
   a. Attend weekly games and training
   b. Report back to the community on your participation and achievements at the event
   c. Write an article for the Iservi including photo’s / video of the event
3. Reflect: Complete the post event reflection for submission.

Additional Information: Approved participants will be given access to the NAS Team Manager Team. The Team Site has many additional resources for you to access and details on advocacy, fundraising and your project reflection. Once approved please visit the Team for full details.
