Key Dates
The Ration Challenge will take place during Refugee Week, 15-21 June 2020.

The duration of the CSL Project includes time leading up to, during, and following Refugee Week.

Project Requirements
The Ration Challenge asks students to eat the same rations as a Syrian refugee during Refugee Week and raise funds to complete the challenge. By putting themselves in the shoes of a refugee, students will:
- learn about global issues,
- develop empathy for others, and
- feel empowered to make a global difference.

The money raised will provide food, medicine and education for refugees; and support other communities around the world threatened by conflict and disaster.

Many students will find this challenge very difficult - but this is when growth and deep learning occurs.

The Ration Challenge will help students learn more about refugees and the experiences of children fleeing their homes due to conflict or violence.

The Challenge also provides students with a safe and empowering way to respond to these issues as a part of the school community.
